

World Environment Day

Shehersaaz in collaboration with UN-Habitat celebrated “World Environment Day” on June 5, 2023 at NUST, Islamabad. This year’s theme was “Solutions to Plastic Pollution” A Panel discussion was convened to dig out the challenges and to come up with the solutions to reduce and manage plastic pollution. Panelists emphasized the imperative for redesigning products and packaging, conducting market assessments for reuse, refill, and recyclability, raising awareness and advocacy, and implementing effective legislation to combat plastic pollution in Pakistan. Impact Word of the Day

Mitigation

The lessening or minimizing of the adverse impacts of a hazardous event.

In climate change policy, “mitigation” is defined differently, and is the term used for the reduction of greenhouse gas emissions that are the source of climate change.

Shehersaaz Star of the Month

Meet Mr. Ejaz who joined Shehersaaz in December, 2021 as “District Project Officer”, Rawalpindi. With more than 15 years of experience of working in civil society organizations he has worked on several Education projects in the city of Rawalpindi.

Upon joining Shehersaaz he developed a team of Social Mobilizers from project locations and lead his team to conduct Socio-Economic assessments in Dhoke Hassue (UC5) and installed RWHU and raised awareness on the importance of conserving water resources. Under his leadership the team has exponentially grown and expanded their operations in 4 other UC's which are Ratta Amral, Dhoke Ratta, Dhoke Mangtal and Dhoke Hassue.

Slogan of the Month

"Sorting today, smiling tomorrow – make waste management a lifestyle, not a chore!"
